...measurably better

DL112 - Voltage Indicator

- 12-600 V AC Voltage
- Adjustable Sensitivity
- Non Contact
- Continuity
- Work Light
- Batteries Included
- Audible/Visual Indication

- Contact free optical and acoustic indication of AC Voltage between 12-600V
- Quick and accurate detection of cable breaks
- Phase detection in sockets
- Adjustable sensitivity
- Supplied with 4 x L1154 batteries
- Dimensions: 150 x 28 x 28 mm
- Weight: 38g
